

# Groundwork Ministries' Mission Ground *Building*

## Life-changing, impactful opportunities for you in 2010:

### **Mission Africa: May 17-28, 2010**

**Cost: \$2800**

Ages 16 and above (under 18 need parent/guardian traveling along)

We will be traveling to the wonderful world of Nairobi, Kenya from where we will aide in the continued transforming of the slums of Kawangware. The ministry we will work with the most will be one that is focused on getting orphaned children out of the street, into counseling, and back into the educational system. Fikisha (the local ministry) is focused on holistically empowering the children for a better life. A life of redemption. We will aide them by using our gifts by helping with counseling classes/prayer, building, music tours to different schools, and just plain sharing life with them. You would be amazed at what you will get out of this trip just and by showing these children that they are so important that you came all the way from the States. Those who go can expect to have their worldview enlarged, and may provide a new passion for service in God's kingdom.

### **Mission Germany: July, 2010 (1st half of July-specific dates TBD) Cost: \$1250**

Ages 16 and above

A different type of mission trip than going to serve the poor, build houses, etc. The overall mission for us as Christians is to "go and make disciples". THAT is a need everywhere in our world. And one of the most difficult places to do that is Europe. People have become hardened towards God...and need Christians to show them love, compassion and just how much God loves them! Continuing to build relationships from teams in the past, we will lead Kindercamp (VBS), youth events, sports camps and possible concerts for communities small and large. Aiming at adding street evangelism in Berlin/Frankfurt to one of the teams for 2010.

### **Mission VBS (lead VBS in U.S., 1-2 weeks in June or Aug 2010)**

**Cost: \$250**

Ages 15 and above

\*This cost does not include transportation to/from site or Arizona (to travel with McAvoy).

Teams will form to lead all facets of VBS in churches in rural to urban United States. Also, youth community events and worship ministry. Use your talents of teaching, compassion, working with kids, technology, music and more.

"Off" VBS times will be filled with local activities and personal/group growth. Lots of fun!

### **4: Mission Guatemala: October 2010 (specific dates TBD)**

**Cost: \$1000**

Ages 13 and above (under 16 need parent/guardian traveling along)

Prepare to be changed forever as you talk, pray, cry and laugh with the Guatemalan people. Step out of your comfort zone and into God's grace as we visit the tin shanty homes, teach Bible lessons to kids and adults on tarps, paint nails for ladies in the nursing home, teach basic English to students at school and orphanage, and bond with an amazing group of Guatemalan missionaries dedicated to showing the hope of Jesus to their own hurting people.
